on the parties to the dispute and is required to be given effect by them. The decision of the Tribunal after publication in the Official Gazette has the same force as an order or decree of the Supreme Court. The Government of Andhra Pradesh in May 2005 complained to the Central Government that construction of Babhali Barrage by Government of Maharashtra within the submergence area Sriram Sagar Project Reservoir is in violation of Godavari Water Disputes Tribunal award. Besides, in the past, in a few water years, state of Tamil Nadu brought to the notice of Central Government the issue of non implementation of certain aspects of interim order of Cauvery Water Disputes Tribunal (CWDT) such as monthly and weekly quantum of inflows in Mettur reservoir of Tamil Nadu & area irrigated from Cauvery water in Karnataka.

(d) Government has already enacted Inter-State Water Disputes Act in 1956 for adjudication of water disputes and amended the same in 2002 for time bound adjudication of the disputes and the Act, is now called as Inter-State River Water Disputes Act, 1956.

Aquisition of agricultural and forest land for irrigation projects

†2410. SHRI DILIP SINGH JUDEV: Will the Minister of WATER RESOURCES be pleased to state:

(a) the extent of forest and agriculture land acquired in each State for construction of large and medium irrigation projects during the last three years;

(b) the amount of compensation paid for this purpose;

(c) the extent of extra area for which arrangement for irrigation facility had been made; and

(d) the State-wise details of irrigation schemes lying incomplete for over five and ten year periods as on 31st January, 2007?

THE MINISTER OF STATE IN THE MINISTRY OF WATER RESOURCES (SHRI JAY PRAKASH NARAYAN YADAV): (a) and (b) A statement showing the State-wise diversion of forest land under Forest Conservation Act, 1980 for Irrigation-Projects with effect from 01.01.2004 to 14.03.2007 is given in statement—I. (*See* below) Irrigation is a State

†Original notice of the question was received in Hindi.

subject and the planning, execution, funding, operation and maintenance of irrigation projects including compensation to be paid for land acquisition primarily rests with the concerned State Government and project authorities.

(c) Irrigation potential created from major and medium irrigation projects and surface minor irrigation schemes up to the end of 9th plan is 50.65 million ha. Corresponding projection for 10th plan is 56.66 million ha.

(d) Considering normal gestation period for completion of a major project as 10 to 15 years and that of a medium project as 5 to 8 years, the major projects started during or before 1990-92 and medium projects started during or before 8th plan which will be continuing as ongoing in 11th plan may be considered as delayed projects. As per the Working Group Report for 11th plan, Plan-wise break up of such ongoing projects likely to be spilled over into 11th plan are given as under:

Plan of Start	Projects likely to be spilled over to XI Plan		
	Major	Medium	Total
I	0	0	0
II	2	0	2
III	5	1	6
AP 1966-69	2	0	2
IV	8	5	13
V	33	19	52
AP 1978-80	2	9	11
VI	25	19	44
VII	10	13	23
AP 1990-92	2	2	4
VIII	0	48	48
Total	89	116	205

State-wise break-up of the above projects is given in Statement.II
